Subject: To Bishop Neary from Holy Saints ACC leadership: a sus ordenes

To: Brenda Kresky <Brenda.Kresky@gw.stcdio.org>, Most Rev. Patrick Neary <Patrick.Neary@gw.stcdio.org>

Good morning Your Excellency & Mrs. Kresky,

With a spirit of fresh optimism and encouragement, I am writing to share that **the Holy Saints Area Catholic Community invites you to utilize our ACC to provide guidance & information analysis in the next steps in ACC development.** You can see in the attached file a picture of the precise wording of this invitation as it was discussed, formed, presented, moved for approval, and and affirmed with near-unanimous support by a roll-call vote at our ACC Pastoral Council meeting this week (Tues, 3/28, 7-10:00pm).

Brenda can certainly detail for you as needed the lively discussion which led to the consensus and invitation. After Tuesday night, I feel that I have the support and encouragement of our Pastoral Council, as well as that of Fr. James Statz, to put our ACC at your immediate disposal. This is an offer, specifically, to assist you in efforts to address what we perceive as very serious and urgent needs in our ACC. Especially since these same needs seem to be ominously shared by our neighboring ACCs* and even ubiquitous throughout the Diocese.

I know I can speak for most, if not all who were present that a spirit of courage, openness, honesty permeated the council room accompanied by attentiveness and care for all the parishes and parishioners represented. Nothing of your future intentions was presumed, nor were they subject to speculation by HSACCPC attendees and members at our Tuesday meeting. Nevertheless, a strong desire was shared by many or all to be proactive and actively engaged in a process of identifying and creating solutions for the future success of all the faithful in our ACC in responding to our collective baptismal calling to holiness and apostolic missionary discipleship.

It was recognized that actively initiating and openly inviting this dialog with you, the chief shepherd and spiritual father of our diocese, may quickly prove to be a first step up a calvary of great change. Volunteering to be at the fore of such an endeavor may mean our ACC parishioners experience significantly difficult changes earlier than others. It is assumed that feelings of frustration, loss, sadness, grief, anger etc may accompany potential change to the appearance, architecture, structure, geography etc of one calls his or her spiritual home. However, as one HSACCPC member poignantly reminded us Tuesday night, *suffering on the Cross with Christ is essential and inevitable if one truly desires to be His disciple and friend.*

Please know of our prayers for you, especially as you lead the flock of our diocese into Holy Week,

Sincerely,

Fr. Erik Lundgren

* As you are certainly all too aware, our ACC along with two of our neighboring ACCs comprise a block of **twelve contiguous parishes** reasonably discussing the *possibility* of becoming a parish without a priest, come July 1, 2023. This looming reality was presented at our Tuesday meeting and provided helpful context in relation to the discussion, which Brenda invited and moderated to identify successes, weaknesses & growth areas experienced by our ACC.
